## CAMPBELL IS SILENT

### Officials Not Worried Over the Bond Sale.

Nothing has been heard from Treasurer Campbell with reference to the bond sale, but there is no worry in official circles on that account. Mr. Campbell is probably waiting the arrival in New York of the certified copies of the proceedings of the two houses of the last Legislature, for which he sent on here after his arrival on the mainland.

The sale of seven hundred thousand dollars or more of bonds is rather a large transaction, and like all transactions where the passage of large sums of money is involved, there is a strictness in compliance with the formalities. For instance, the firm of Dillon & Hubbard of New York has been asked to give its opinion on the legality of the proposed bond issue. Now, Dillon & Hubbard is the largest firm of bond lawyers in the United States. Naturally, they would not give an opinion until the members of the firm had satisfied themselves on all points, officially, that the requirements of the law in the passage of the bill authorizing the issue had been complied with. To this end they would want a certified copy of the proceedings of both houses of the Legislature, showing that the bond bill had passed three readings in due form on three different days.

Secretary Atkinson, it is true, took copies of the Senate and House Journals with him to New York, but it might very well happen that these copies had not been properly certified. As to the stories that the hitch is about the issue being less than that authorized by the Legislature, of course there is nothing in that. When Governor Carter was secretary he went on to New York and sold one million dollars' worth of bonds under an act of the Legislature authorizing an issue of \$2,200,000. The point was not raised then, and has no more reason to be raised now. The Legislature can not compel the Territory to borrow any fixed amount.

## THE AMOUNTS WANTED FOR ISLAND SCHOOLS

Figures supplied to the Washington delegation by Superintendent of Public Instruction Babbitt show that he wants \$788,500 for the schools of the Territory. Of this sum, four hundred and seventy thousand dollars are wanted for the island of Oahu. A table prepared by the superintendent shows the amount spent and the amounts needed on the several islands, as follows:

Schools.	Cottages.	Total.
Oahu .....	\$149,484.00	\$ 3,079.00
Hawaii .....	25,690.00	12,889.62
Maui and Molokai ..	69,889.23	8,809.00
Kauai .....	20,994.00	4,813.24
Totals	\$257,057.23	\$29,590.86

## THE HALF-WHITE A FINE ATTRACTION

Another large audience attended the Orpheum last night to witness "The Half-White" and incidentally to laugh themselves half sick over the funny situations and humorous acting in "Turned Up."

The double bill has made a hit, every one being charmed over the clever Hawaiian skit. "The Half-White" is a beautiful little love story and clothed as it is with its local surroundings should pack the theater for a week, but tonight is positively the last performance of the piece so those who have not seen it and desire to do so should secure their tickets at once for this evening.

The bill is to be changed tomorrow night for the great war melodrama "The White Tigress of Japan." This will be a magnificent scenic production and preparations have been under way for some time to make it the greatest performance of its kind ever seen in Honolulu.

## PROSPECT HEIGHTS IMPROVEMENT CLUB

The Prospect Heights Improvement Club met for organization at the residence of D. L. Withington, on Prospect street, last night, and effected its purpose by the election of Alexander Garvie as President, O. Phillips, vice president; A. T. Brock, secretary; W. Walters, treasurer; and J. F. Emerson, J. P. Macaulay, T. Hutchinson, M. F. Prosser, and D. L. Withington executive committee.

It was voted to request Mr. C. M. Robinson to address the club at a called meeting to discuss matters of public improvement when the gentleman arrives in Honolulu, and then the club adjourned.

## SESSION OF SUPERVISORS

(Continued from Page 1.)

Waikiki road which passes between the Moana Hotel and its power house, and whereas, at present the various pipes for steam, hot water, electric conduits, etc., which cross the road at several places, at times require repairs and renewals to be made, the Territorial Hotel Co. begs permission to lay a main conduit across the road under the roadbed at such depth from the surface as may be deemed necessary, this conduit to be large enough to admit of all pipes, wires, etc., required between the power house and the hotel premises. This would obviate any need for disturbing the roadbed in the future.

### THE PARTY APPROVES.

B. J. Zablan, secretary of the county committee, communicated that at a meeting of the Republican County Executive Committee the following resolution was unanimously adopted:

That we, the Executive Committee of the Republican Party for the County of Oahu, unanimously approve and endorse the act of the Board of Supervisors in purchasing the Kunst property at Waikiki, for the benefit of the public.

### MINOR MATTERS.

A communication from the Improvement Committee was read, giving suggestions for the beautifying of the town.

N. S. Sachs asked the widening of Beretania between Fort and Nuuanu streets be completed.

A petition was read from residents of Jack lane, asking that a few are lights be installed in that benighted district.

### ROAD MACHINERY BIDS.

The bids for road repair machinery were opened and read.

The representative of each bidder was given an opportunity to explain his tender and to clear up any ambiguity that might exist.

The bidders were Henshaw, Buckley & Co., Von Hamm Young & Co., Honolulu Iron Works and F. E. Richardson.

### THEY ALL TALKED.

Much time was spent by the representatives of the bidders in dilating on the merits of their various engines. The question of steam vs. gasoline was stiffly argued but the end of the discussion saw the matter of elucidation no "forrader," and the merits and demerits of the various machinery hopelessly tangled.

### THE SUCCESSFUL BIDDERS.

It was finally decided to accept the bid of the Honolulu Iron Works for two road rollers for \$7100.

It was decided to accept the bid of the Von Hamm Young Co. for two rock crushers with either gasoline, steam or oil-burning attachment, the Austin rock crusher to be used and the question of motive power to be left to a committee. The bid was \$3140.

### THE KUNST PROPERTY.

It was resolved that the auditor be directed to draw a warrant upon the treasurer of Oahu county for the sum of \$8000 payable to Henry E. Cooper as attorney-in-fact for Adolph Julius Baetcke, sole heir and legatee of Gustave Kunst deceased, on account of the purchase of the Kunst property in Kapiolani Park, said warrant to be held in escrow by the Bank of Hawaii and not to be paid to said Henry E. Cooper until the execution and arrival and delivery of the assignment of the lease, said assignment to be executed by Adolph Julius Baetcke in his representative and individual capacity.

It was further resolved that said warrant shall not be paid to said Henry E. Cooper until the agreement dated January 8, between Henry E. Cooper and H. F. Lewis for the purchase of said leasehold interest, shall have been canceled and annulled and further that the agreement dated January 8, between H. F. Lewis and Geo. P. Thielien for the purchase of said leasehold interest shall have been canceled and annulled.

It was also resolved that said warrant shall not be paid to said Henry E. Cooper, until the supervisors of the county of Oahu shall have been satisfied that the title in and to said leasehold interest herein referred to is free and clear of all incumbrances and defects.

### NAWAAKOA REPEATS.

Lucas complained that Road Overseer Nawaakoa of the Ewa district had been drawing \$100 salary from the Ewa Road Board in addition to his salary from the county. He urged that he be made an example of.

Adams said there were circumstances similar to Sam Johnson's case who received \$200 from the Territory and \$50 from the county. He thought the difficulty arose out of the old road board difficulty.

Nawaakoa said that he had not been notified that his connection with the Ewa road board was over and stated that he had lots of work to do as all the equipment of the old board had been left in his hands to take care of. He thought he had earned the money that he had drawn.

The clerk was instructed to write to the Ewa and Waianae road board and instruct them to send in an inventory of the equipment in their hands.

### AN ADVISORY ENGINEER.

Adams spoke of the need the county stood in of an engineer possessed of technical knowledge which could be used in bridge and road work. He pointed out that such a man would save the county much money. Kauai and Maui had such engineers. They saved many expensive mistakes being made.

The matter was held over until the next meeting in order that it may be more fully investigated.

### SMITH'S GOODBYE.

At 10:50 p. m. the board adjourned, Chairman Smith expressing a desire that peaceful meetings might prevail until his return from Washington.

## SCOTS PLAN A BIG TIME

The members of the Scottish Thistle Club are making active preparations for the celebration of Robert Burns' birthday on January 25.

As usual there will be a big smoking concert, Waverley Hall being the scene of the function.

An excellent literary and musical program has been arranged and will be found to be quite up to the high standard of previous years.

The speakers will include Attorney-General E. C. Peters, Robert Anderson, Frank Thompson, and among those who will contribute to the musical part of the entertainment may be mentioned Hugo Herzer, Isaac Dillingham,

D. W. Anderson, E. G. Munro, George F. Davies and J. F. Fenwick.

Tickets may be obtained from members of the club or at the Bergstrom Music Co.

The annual Burns concert is one of the most enjoyable events of the year and is always supported loyally by local Scots of high and low degree.

The gathering is ever a democratic one as befits the celebration of the birthday of the poet of the people who wrote:

What though on homely fare we dine,  
Wear hoddens gray and a' that,  
Gie fools their silks and knaves their wine,  
A man's a man for a' that;

For a' that, and a' that,  
Their tinsel show and a' that,  
The honest, though e'er sae poor,  
Is king o' men for a' that!
